

# BLUEBELL DAYBOOK

Friday 26<sup>th</sup> July 2024

## LEARNING TRAJECTORY: MATHEMATICAL

## UN-INTURIPED MORNING PLAY

# SENSORY EXPLORATION WITH SEA CREATURES

*Following yesterday's museum visit, we organised a sensory exploration activity for the children featuring sand, water, and sea creatures to extend their interest in marine life. During the activity, children explored in different ways:*

**Grace, Alden and Lou:** Used their hands to explore and feel the water and sea creatures.

**Grace:** Pointed at the turtle and said "Turtle".

**Eli and Fern:** They were holding sea creatures with both hands and kept stamping them on the water.

**Ralf, Indigo and Anita:** were actively involved in exploring the textures of various sea creatures and the sand.
